In order to make the most of the income received by St. Johns, it is important that we allocate funds to specific areas of the Church's work such as outreach (13%), staffing (48% - including Tricia, Andy and the office staff) and property (6%). The PCC sets the budget each year and allocates income to meet our commitments to these key areas, and therefore recommends that you select box **A** below. If you have further questions, please contact the treasurer or the churchwardens.

A I wish to restrict my giving in accordance with the PCC recommendations.

B I wish all my giving to be unrestricted.
